“ I remember those yearly birthday cards with a dollar bill inside. A time that she brought a yahtzee game and played it with me. I did not spend much time with her, and never really knew her, just that she was Grandma Millirons. I wish I could have known her, and spent time with her in my adult years. I know my Daddy loved her greatly and admired her for the fact that she became their mother when they needed one. Such a loving, mature, sincere and generous act for a young woman. She is with my Mother, and all the others she missed so much.

“ Cloth diapers!!! always knew I could depend on Grandma for these when my babies were born. A bottle of Jergens lotion while in the hospital..such a simple gift made me feel so special .Loving, practical, thoughtful, generous..that's my Grandma! Not too long ago she said "I don't know why God is keeping me here..there's people on the other side I want to talk to". Well..Grandma I am so pleased that you are resting in happiness..I love you..Murlene

“ I will always remember the #2 pencils at Halloween, which was also her first husband's birthday, and she loved that my husband and her husband shared that same birthday. She was so funny and honest, sometimes, brutally honest, but it just made her funnier. She treated my step-son as though he was her own great-great grandchild. She also treated her step children as though they were her own and no one could have ever known that they were not her own children. We will miss her dearly and I can just imagine Uncle Bill, grandpa and Mammy all in heaven right now, I'm sure they are laughing and singing...

“ My Grandma Millirons taught me to knit, and would let me read her True Detective magazines when I spent the night. And of course a box of 24 Hershey bars at Christmas. A photo of me in a red swiss dot dress she made for me. A special trip to the rodeo, going to the lake, and trips down to the coast. Visiting her and grandpa at the store.

“ I have so many memories of Mammy. When I was dating Eugene and I went to meet Mammy & Uncle Bill she reminded me of the Granny on the Sylvester & Tweety show. She looked like her and she was sweet like her and she also had that tough side too! I will always remember how happy she was with Uncle Bill and how he would always say, "We're still waiting to have our first fight" I got tickled everytime thinking how cute they were. I also remember when we first started our business that she helped pay for our first ad in the phone book because she was so proud of us. She was a wonderful woman and I am so thankful that I had the opportunity to be her great granddaughter too! She treated me as if I was her own and I never thought any different. Now she is with God and her love, Uncle Bill. I will miss you Mammy and I love you, and yes, Madison is doing good.

“ Mammy was such a wonderful great grandmother to me. She was always willing to help me out with making any extra money. When I was a young boy I would mow her yard every week. Sometimes she would have me do extra things in the yard or small maintenance. When I graduated tech school she would have me service her A/C and furnace on a routine basis. She did all this and more because she wanted to help me. I will miss her very much. She was such a wonderful woman. I love you mammy.....

“ There are so many things that I remember about Mammy. From her laugh to her funny sense of humor. She was such a good person with a loving and giving heart. I enjoyed the Sunday's I got to sit with her in church and I remember how she cried when she heard that her four Great Great Grandboy's Jaron, Britt, Cody & Jordon had excepted Christ one Sunday in Sunday School. I know that she was a fine Christian lady that loved the Lord and she was faithful to Him. I want to remember her just the way I last saw her a few months ago. Happy, sitting on the front row in the Great Room, and singing I Saw the Light! I will miss you Mammy & your sweet smile. You will always be in my heart.

“ Grandma was just always nice. If I was by myself she always asked me how was Sandra, how was Eugene and how was Michelle. She liked to tell me the story how she caught the biggest fish when her and Grandpaw went fishing. She was so good to give us grandkids a gift of money every once in a while. We all knew she didn't have to , but she just wanted to share with us and see those big smiles on our faces. I remember when we were small , and went the store she would let us get some candy or bubble gum, and at Christmas we got a whole box of hershey bars WOW ! Yes she was a giving person and very smart. She kept up with what was going on and stayed sharp. She came to hear our group sing several times and I was proud of her and she was proud of me. She said what was on her mind most of the time , she had morals and was just a Lady.I love her.

“ Some of my favorite childhood memories are of getting to spend time at grandma & grandpa's store, and my best Christmas present ever was that box of Hershey's with almonds - I'll never forget that.
