“ A very special person who brought light in people's lives where there was darkness. His light and his smile burnt so bright to all of us while he was with us. Now his light burns bright in the skies with Angles. The Lord can now use his light to brighten heaven like never before. D you shared your life with us while you were on earth and for that we all are the much better. Thank you. I won't say good bye, so long or anything like that. You're still in our hearts with us and some day we will all meet with you in the Lords house. We loved you when you entered this world and we will always love you. When I look up at the stars I'll always think of your shinning light.

“ My sweet nephew you will forever be in my heart. I could always count on you to make me smile. I will miss your smile, your laugh, that mischievous gleam in your eyes. The world will be a much sadder place without you. So thankful for the gift of you. You made me so proud.

“ As Fire Chief of Preston FD I just want to say Forrest was a good FF and friend, always had a smile on and was always willing to do things, I hope Preston was a blessing to him because HE was a blessing to us. I know he's in the Lord's firehouse.

“ The short time that Forrest was a member of our department will last in our memories for years to follow. He was dedicated to helping others and had a goal to train for success in doing so! He has surely left a mark on the lives of the people he helped during his brief tenure at our department. Faithful, prudent, dedicated, are part of a very long list of accolades he deserved.
