“ Hazel was a wonderful woman. I got to know her by working at Arlington Plaza. She was always so kind to everyone around her. If someone was having a rotten day, it was Hazel who cheered them up. You will be missed by many. Always an Angel!

“ Dear JB - Only knowing Hazel for the short time I did I never saw her without a smile on her face. Whipping around in her wheelchair and always taking time at every meal to stop and talk to all her friends at Arlington Plaza and put a smile on everyone's face. I am truly sorry for your loss but now Hazel is walking and dancing and no longer has to use her wheelchair. I feel blessed to have known her and will miss seeing that smile. My thoughts are with you. Ginny (Dr. Ruth's daughter)
