“ Tommy's voice on the phone from the IT Help desk was always a relief to hear when I had to call in for assistance. Tommy was eager to assist me in any way possible. He was also ready to throw in a joke or two to lighten the mood, which I always appreciated.

My prayers go out to Tommy's family, friends, and faithful dog. I am honored to have worked with him and will miss him.

“ Although I was never fortunate enough to meet Tommy, my heart goes out to his family. The best part of my day as an AAFES employee having problems in Alaska with a pesky PC was calling the helpdesk and hoping and praying Tommy Dodd answered the phone. I told him once it was just fun to say his name. I have missed talking to him but know that one day, I will get to hear him tell me once again "I don't care" (in a jovial Southern drawl) to which I can reply "You don't have to care Tommy Dodd, just fix it." This was our usual banter once he realized who was on the phone with him. God Bless You Tommy and your family. It was a privilege to know you.

“ I worked with Tommy here at AAFES for several years. Tommy was always polite and respectfull. It's been about a year, I last saw him when he stopped for a visit. I will miss Tommy and his gentle demeanor.
