“ Happy Birthday Girlfriend! I would give anything for you to be here so we could celebrate together like we have for so very many years. I have not been able to write before today because I did not want this to be real. My phone did not ring last Monday as yours did not ring today. October will never be the same without you nor will any other month or day. You were a best friend to so many, especially me. God gave me two biological sisters however you were the sister I chose. I will miss your laugh, the "twinkle" and your love of life and those who were lucky enough to share a part of yours. You will forever be Jerrysgirl as you to are indeed as one. I am more than honored and privileged to have known you and have you call me friend. I will love and miss you forever. When we meet again we will have another cooking "class". :)

“ Alison... You have no idea just how much I miss you. Our time together was cut very short...but the memories I have of you and our wonderful marriage will always be in my heart. I never knew I could love so deeply until you came into my life. You left us prematurely and I hope you know the lives you touched and how much you were loved and how much you are missed. 14324288

I thank God that Jerry and Alison found each other and were able to spend a short time together. I loved my only daughter more than she could ever have known, and I miss her with all my heart.

“ I just found out about this tragic loss today. Thank you, Jerry, for calling me. Alison and I were very close friends when we worked together at Ogilvy and Mather years ago. She always made me laugh and was such a beautiful person. We have kept in touch over the years through phone calls and emails, but living in different states most of the time, we had not seen each other in years. We were finally both in Texas again and I was so looking forward to her meeting my kids and me finally getting to meet Jerry. She was the type of friend that we could go for months without having the chance to talk, then one of us would call the other and it would be as if it were only yesterday. Although we hadn't seen each other in so long, she was my very dearest friend. Anyone who knew her knew how lucky they were to have her touch their lives. Jerry, my heart and prayers go out to you and the rest of the family. I am praying that you feel God's comfort through your sadness. Alison, I miss you deeply and would give anything to hear your laugh again. You were a beautiful person in every way. Thank you for being my friend.

“ To Alison's family....I am so sorry to hear of Alison's passing. I knew her of course from Walgreens. She helped me many times. She would always put a little smiley face sticker on my prescriptions that "she" would fill, and when I saw it, it was as though she was telling me HI. “ I had the great honor of visiting with Alison when she sat across from me at a couple of our Rise n Shine support groups. And I got to see her again and meet Jerry when they joined us for dinner at Abuelo's. She was a very sweet and beautiful lady. In just the first few minutes of conversation with her I was struck by two things....how very in love with Jerry she was, and how excited she was about her surgery and all the future would hold for her. My heart breaks for him, and for all of us, that we did not get more time with her. She will be deeply missed.

“ I loved Alison, especially for her great sense of humor, her wit, and her funny faces. She always made me laugh, and I could always make her laugh. I've known Alison since she was a little girl and used to come over to our house and play with my little sister, Lisa. Alison was all eyes when she was a little girl - such a beautiful little girl and a beautiful woman. I'm so glad that she and Lisa kept their friendship all of these years so that I could also get to know Alison as an adult. I remember one time when Alison came over to my house in Houston around Halloween. She always had some special Halloween shirt (I remember a clown shirt and a shirt with spider webs - she just liked to celebrate!) I had a pumpkin sitting on my patio, and I mentioned that I was afraid it might be getting rotten. The next thing I know, Alison had picked up the pumpkin and dropped it hard onto my kitchen floor. I have never seen such a mess or smelled such an odor! We looked at each other (Alison with her big eyes open even wider) and then we doubled over laughing. Alison had many wonderful qualities - smart, kind, a special place in her heart for animals, but when I think of her, I think about her laughing - she took such joy in the people she cared about. I will miss her. My deepest sympathy goes to Jerry, her mother, her brother, and her family and many friends.

Sincerely,
Judy Webb

“ *In Memory of Alison...*
We seem to give her back to Thee dear Lord, who gave her to us. But as Thou did not lose her in giving, we have not lost her by her return. Not as the world giveth, do Thou give, O Lover of souls. What Thou givest, Thou takest not away. For what is Thine is ours always, if we are Thine. And life is eternal; and love is immortal; and death is only a horizon; and a horizon is nothing but the limit of our sight. Lift us up O God that we may see further; cleanse our eyes that we may see more clearly; draw us closer to Thee so that we may be close to our beloved who is with Thee. And while Thy Son prepares a place for her, prepare us for that happy place, that where she is, we may someday be. Through Christ our Lord. Amen

Penny and I send our love to you and yours today and always...Mike

“ There are so many wonderful memories from back in the good ole' days growing up in Temple with all of our fiends. To the trips we took and spending time in Atlanta when Alison was in college there...To Monograms Ltd. when some of us only had "2" initials and had to go buy another so we would have a "3" letter monogram. I was one of those and I know Alison was also. Those were the good ole' days. I will charish all the fond momories and times spent with Alison even though we grew up and lost touch over the years.
