“ Audrey was a beautiful person. I remember Audrey never going out side without her big sun hat's. I guess this is the reason she had such great skin. Every time we spoke over email she was always asking about my girls and my cowboy husband. She was always asking when we were going dancing. I need to introduce her to a good looking and nice cowboy. I asked Shalee what she wanted to say. She ask me to put she will miss Audrey and Loves her. Shalee also knows she will be ok now she is with her Mom and our Grandma. We will all miss such a Wonderful Aunt, Mother, Grandmother, Sister, and best friend. She was a amazing person to many many people.

“ My most memorable moment with Audrey was the day she accepted my invitation to be my "girlfriend". It was during a dinner theater presented by Jake's church. When the waiter came by for drink orders I told him I would like some tea and my wife would like a cup a coffee; as I pointed to Audrey who was sitting next to me. She was not expecting this, but never flinched and said "thank you honey". The looks on those people faces around us was priceless. Since then she was my gal and I was her boyfriend. I love and miss you Ms. Audrey.

“ One memory I have was how supportive she was at all of our baseball games as a kids. And supportive might be an understatement. When we were little she would be all deck out in whatever team colors we involved in. She would have the hat, shirt, jacket, blanket, seat cushion, button, car stickers and anything else she could get her hands on.

“ Audrey, I can only imagine how happy you are. Holding Vickie Lynn in your arms, while Rick plays his guitar. Dancing with my dad, while Pa calls out DoSaDo and Ottis & Lonnie promonade around the hall. You gave me a belief when I was young, that--our loved ones that have passed on, have now become our guardian angels. I know your finally back at work, being the family secretary ,keeping all the others on track and who they need to watching out for. I will miss you and am thankful to have had you in my life. Love you "Hug, hug!!"

“ I wanted to explain something's that have been happening. LaVada told me that Audrey felt that if she found a feather it was from the angel's telling her she would be ok.

Audrey took her time about doing anything and death was another time. Her heart was strong and her will to live was still there also.

We all felt the time was there for the Lord to take her and He broke the big limb over the house telling her to come on. When it fell she was gone. It was all our family setting on it waiting for her to come on, are it was God telling her to get with it and come on.

LaVada had a pretty female duck in her backyard that followed me around watering, then just left. It was Audrey's way of telling us she was O.K.. Cindy had a feather at her door step, Tammie had one in her garage as I did, and Stacy had one in her class room. I had one at my feet at

resthaven.

Some might say it could not be but why couldn't it. They were there and I truly believe it was from her because I was talking to her in my prayer's asking her if she was O.K., then there was my feather.

God work's in strange way's. Aren't we glad we know that our family is waiting for us all in heaven one day.

“ Dear Jan,
Too late for the funeral, Dennis told me of Audrey's death. How hard it must be to lose another sibling.
As a young girl, I remember how beautiful she was and how kind.
Thank's be to God we have the promise of seeing them all again.
Give LaVada my love-am thinking of you both and grateful that God has woven you into my life.
With deepest sympathy and love

“Mert” It's hard to put down in writing, how loved you were by your family. I'll miss going to the movies and you covering your eyes when there was something bad happening. We shared many good memories and I will miss not being able to make more with you. But now you are out of pain and with our family in heaven. Thanks for the duck to let us know you are safe and well. “ I remember the good old days when we went to visit our Aunt Audrey in Amarillo. We loved to take turns fighting over who slept on the little couch. I do not know why we wanted it because we would have to ball up, but it was so much fun. We also loved to play the Tic Tac Toc hand help game. I believe it was Dusty's game that we all loved so much. Audrey would spoil us rotten with frozen cokes. She let us pour coke into these little green plastic cups and then freeze them. She knew we loved to eat them up. She knew just what each of us wanted and made sure that we got it each and every time. Love Stacy

“ My sister wss a kind person that loved her family and friends. We were brought up to stand by our family in time's of happiness and sorrow. Our family showed how much they loved her through this terrible time.

She fought hard to defeat the cancer for many years, but God needed her now to be with her family in heaven.

She was my Sister, Friend and Teacher. We will all miss her greatly.
