“ From the moment I met Bev when she came to Erma Nash to teach first grade, I was drawn to her larger than life personality. She had a laugh that just made you want to smile.

Through the years I watched her teach children to read that others had written off as hopeless. She had a true gift for reaching students and making learning fun. I knew without a shadow of doubt that Mrs. Green would someday teach my children.

I was lucky enough to see that dream come true with my son, Nicholas. He truly loved his first grade teacher, and would often come home with stories about the funny things she told him. He still has a poster of a Beagle puppy she gave him hanging on his wall.

Like most people, we will remember with fondness and laughter the many times that Bev helped us, brought out the best in us, and set an example that many of us strive to achieve to this day.

We will all miss you and your beautiful smile.

Love, Jenny and Nicholas Pedroza

“ *Bev captured my heart years ago with her honesty, laughter, and uncompromising joy. Her eyes were always like that of a little girl who was filled with curiosity. The smiles she solicited from me came from all the way from my toes. I will carry her memory with me with great pride.*
