“ Carol was always so much fun to be around and talk to. She will most definitely be missed by me and more often by my mother. She will forever be in our hearts and minds. R.I.P. Carol

TN

“ I met Carol when we moved to Texas in 1983. I followed her from location to location because no one could cut my hair better than Carol. For a few years, she cut my son Sean's hair, too. We kept up with each others' family and I always enjoyed seeing the great pictures of her adorable granddaughters on the wall. I started giving Carol Santa Claus figures each year at Christmas. It was such fun to watch her open each one even though she always knew what it would be. Carol's passing will leave a huge gap in many people's lives but there are so many special memories to help fill that gap. My prayers go out to her family.

“ Carol and I have been friends for over 30 years. I think I was in Carol's chair at almost every salon she worked in, in Grapevine. I loved Carol like a sister. She knew everything about my boys and I hers. I never told Carol what I wanted done to my hair, she just always knew and did what she wanted to do, to make me beautiful. She took me to my first Bingo game, and then of course just took over my cards 'cause I couldn't keep up. We would swap flowers from our gardens and she would tell me which tomato plants to buy. We shared stories and drinks at the VFW years ago. I gave her the e-cigarette she smoked that helped her give up cigarettes. Special is the relationship we had and I will miss her so much. I can't think of a more fitting place than Alaska to be her final journey. Carol's light will forever burn in my heart and my memories of her will stay with me forever.
