“ I have so many wonderful memories of my sister, Cary.  
We use to share the same bed when growing up and I remember  
one time while sleeping I flung my arm over and hit her in the face.  
Cary took my arm and flung it back.

*I remember when Cary was a young woman just three years older  
than me but she was into dating and she worked so she had money  
to buy clothes and I always like to try them on but they never looked  
good on me or did they fit.*

*We shared many wonder trips together with our husbands. A big trip  
to Hawaii, Colorado and SanAntonio were a few and always had  
such wonderful times.*

*Cary was a wonderful caring, loving sister and I miss her so much.*

“ I remember that the happiest times for my Mother were when she was surrounded by her family and friends. She loved all family gatherings. She would have such fun, especially when she and her sister Margie were together, surrounded by their children and grandchildren. Mother was close to all of her brothers and sisters and always loved it when all of her family was together.

“ I loved seeing Grandma on Thanksgiving and Christmas. I was always a fun time and she always seemed really happy then. I also remember spending days at a time with her and Grandpa at their house in Edgewood, NM. I would love spending days up there with my cousin Carson when we were young. Especially when it would snow!
