“ Susan,
I know how much you love "Mom Cat". You were such a good daughter to her while she lived among us. I know this is true and so does she and God does too. Draw strength from His promise that the two of you will be reunited one day in His Kingdom where she now lives in peace and comfort. You watched over her and now she watches over you.
My sincere sympathy,
Carolyn

“ For years I would get Mama Cathryn's birthday mixed up and think it was May 25, instead of April 25. One year Tommy asked his mom why she didn't get a card from me. She said, "Oh, it will get here on May25, she got the months mixed up." So this year I sent her a happy spring card with a pug on the cover and she thought I had sent her birthday card a month early. I miss her so, but she is with John and they can walk on the beach forever and breath easily.

“ I was hoping you would be enjoying your birthday cake right now and I could rest my chin at the end of your plate and look at you until you gave me a bite. But...you are probably giving that Shan (the first) all my cake! That's okay. I'll get Tata to feed me cake too. Miss you.

“ *I was not fortunate to know Cathryn directly, but I feel as if I know her through her daughter, Susan. Cathryn had quite an impact on Susan and many of the beliefs, ethics and moralities that Susan possesses were largely imparted by Mom Cat.*
