“ *Your Dad was a wonderful person. He never judged people. He accepted you for whoever you were. He was loving, kind hearted, funny, smart. He was so easy to be around. I haven't seen him in years but have so many good memories of him. We had so much fun when we were young. I have many pictures of some of our antics! David's license plate when we were in high school was Die Young. I guess he went out like he thought he would. Be strong and know your Father will always be with you. He loves you.*
