“ I was saddened to hear of Mr. Berry's passing. I wish to offer my condolences to Tommy and the family. I was Mr. Berry's banker for about 10 years. I enjoyed a good relationship with Mr. Berry as we worked together dealing with the financial needs of Berry's Machine Shop. Mr. Berry was easy to work with and his word was his bond. He was a compassionate man, who would bring vegetables to me from time to time or send them by a runner. He always sent his best. He was an honest man with high integrity. I thought of him often after I retired in 2006, usually when I saw a piece of machinery or a vegetable market. May the Lord bless you and comfort you in the days ahead.
