“ Was very close to Deloris in my teen years. I thought of her as a mother. The world was a much better place with her in it. She will be missed!

GK

“ When Deloris was visiting her Mother they came to our house and spent the night,
we played cards until mid night. We were tlaking about the weather and Ne thunder storms. She said I would love to hear a good thunder storm again,
We had just gone to bed and the sirens were going off and the wind was blowing like crazy, and I couldn't get those three awake. I finally got them up and to the basement . We had tree limbs on the porch and in the yard. they would have slept through the whole thing. Any way I told her she can't wish for any more storms when she comes to visit.
I loved her, she was special and I loved her voice. We had alot of fun together. I know she's in a better place but that wont stop us from missing her. Love to all,
God bless.
