“ I will never forget Donna's smiling face her kindness, generosity and her willingness to help in anyway she can. She has been my neighbor here at work up until the time that she retired. She was the most unique person that I have ever met and I still have the heater that she gave me that is always a constant reminder of her warmth and pleasant personality. I remember going to visit her at her home and in her thoughtfulness she prepared lunch for myself and those who came with me. She was ALWAYS giving and had such a great love for her husband, Charlie, her children, grand children and great grand. She never failed to show us the latest pictures. I felt like I knew them all. I know what she meant to me and can only imagine what she meant to all of you. All of you will be in my prayers.
