“ Uncle Woody, you will be missed so much. Our fights....we fought like cats and dogs, I always laugh when I thing of the buzzer incident at that restaurant where you and I argued over who was in charge of it. I love you so very much and you will be missed. I have so many memories of you and Aunt Net, from when my finger was accidentally shut in moms old car door and I was hollering, and Aunt Net just looked at me, then she realized she needed to open the door to free my hand, wow....wonderful memories. You are an amazing person and you will be missed by MANY. I love you, and RIP. Enjoy fishing with Daddy. Lisa

“ My memories of Uncle Woody are numerous and unable to be glorified by words. My thoughts of him coincide with the bond he shared with my father, Frank. He, alongside Frank, instilled in me a passion for fishing that lasts to this day. I only hope that I live a life that makes him very proud of what I've become. He was as much a father to me as Frank and for the lessons he taught me I am very thankful. I will miss you Uncle Woody. But you will never be far from me.
