“ I can still hear her laughter. She always laughed. One happy lady, my first cousin. I also remember the family vacations she shared with us. I am sorry there were so many miles between our homes. Her up-beat personality was like a breath of fresh air. Rest in peace, Glenda. We all love you. Kay

“ My special cousin and friend. Glenda was such a special person in my life, when I was little she went on family vacations with us to Florida, when I grew up we became more like sisters and friends. She was always there for advice and a shoulder to lean on. Her words of wisdom and years of fun will never be forgotten. Our love goes out to you and your family. Love, Betty

“ The big sister I never had - my best friend, my mentor and so much more. Glenda taught me so much. She was extremely compassionate toward animals and saved more than we would be able to count. We'll remember the little black bird she nursed back to health in the trailer ;) . She was naturally curious and never, ever met a stranger. I loved her so much and will carry her spirit with me always.
