“ She was a great friend and even better motivator. The way she took on obstacles in her life inspired me. I only knew her for a short period of time but the time i did have with her were cherished. “ I had the privilege of teaching Heather in her home during the
summer that Wishes With Wings built her "child's barn" for her and
her animals. She was so excited! I'll never forget how her face lit up
each day as she watched the progress. And she loved special trips
to Dairy Queen for ice cream. But most of all, she loved her family
and her animals. She grew into such a beautiful, brave, young lady.
She has a special place in my heart!

“ I did not know Heather but heard of her passing from Jordan's CaringBridge site. My only daughter passed on 4/10/08 from complications of a double lung transplant in St. Louis, MO. I know your pain and wish there was something that could take it away but there is not. Everyone tries to find the right words but there is not a right or wrong at a time as this. I believe in God's ultimate plan for each of us but it does not ease the pain that we feel losing our loved ones, especially our children. Please know that there are many people praying for peace and strength for your family, even people you do not know.
Love in Christ,
Judy

“ I remember when Heather & Hope when they were little girls coming over to our place in Valley View to ride horses & learning to show in the POA club. Heather was a sweetheart. I also remember one time when she was at Cooks in Dallas & Angie, Jim, and I brought the mini horse Ducan Donuts along with his cart to take Heather for a ride. I also remember the determination she had when she was showing her POA's. She will be missed. My sincere condolences got out to Maggie, Lloyd, Hope, and the extended family memebers. I pray that God will keep you in the palm of His hand & comfort you now & time to come.

Love & prayers,

“ Maggie, Hope and Lloyd,

Our hearts are broken! Heather was one of Jordan's best friends, how she prayed for new lungs to come her way. Jordan is sobbing up in her room, how she wanted to come visit and ride the horses. "Someday soon", we tell her, you and Heather can still ride horses.

“ Heather – as beautiful as her name!! Full of humor and creativity, open to all of God’s creatures – whether two or four-footed! Imaginative – musical and artistic – and as courageous as steel. We only met them two months ago, yet she and her beautiful family have so captured our hearts.

She unreservedly shared her artwork and photos with us (even with inhaler in her little mouth, or a faithful nurse patting her back), and when my husband shared our love for the Savior with the lyrics to “Just As I Am,” she quickly created her own music to the song and sang to us all.

Today I sense her sweet presence, more alive and flowing than ever was in this temporal journey. I thank God for allowing me the privilege of knowing this family.

“ Even when Heather was really feeling bad, she always lifted her head up to smile when I walked in to see her. Taking care of her over the last 5+ years really meant a lot to me. She was such a bright and cheerful young woman. I will really miss seeing that happy face! My prayers to you, her family. She made a very big impact on all of us here.

“ *Heather you were such an inspiration - strong willed even when your physical health kept you from riding all the ponies you wanted to train. You were wise and willing to do the very best job with every pony you had. WAIT! I believe I can see you now - galloping across the skies, never shackled to the restricitons of this earth again! How lucky the angels will be that you are there to take over our LORD's heavenly stables~*
