“ Jackie will be missed by so many. She was a very special person who done so much for so many. We loved her dearly. She always had a great smile and that little smirk when she was joking with you that let you know she was way ahead of you. Diamond Oaks has a huge void with her gone. She will always have a dear spot in our hearts and we will miss her greatly. I hated to see her go through all the treatment but it still could not diminish her smile nor her spirit. She was a great example for young people to follow. She could make the best of a bad situation and leave you wanting to be more like her.
