“ Alice and family our prayers are with you as you go through these final days of saying good bye to your faithful husband and father. May God's grace sustain and hold you. May the happy memories console you in the days ahead.

“ Alice, please know that Joy and I are there in our thoughts and prayers. Jimmy was a great guy whom I have fond memories of growing up together in Hope. Love to all the family. I have finally finished a dvd of our last class reunion, there are some good pictures of you both; will send you copy as soon as I can. Regards,

“ Jimmy: While we were never close buddies, you were, for me, always one of the very special 1952 Hope High Bobcats. Your presence in our daily school activities will always bring wonderful memories.

“ *My heart-felt condolences go out to Alice and her family as well as Joy, with whom I have become (email) friends late in life. May your fond memories and the love of friends sustain you during this most difficult of times. We will keep you all in our prayers.*
