“*Mrs. Miertschin was like a 2nd mother to me growing up and growing up in the neighborhood on Holiday Lane and Sequoia was something I remember well. Trips to the farm, staying out from dawn till dusk, creating (and surviving) the adventures we created as kids, sharing it all with Jerrold, Sharla and the whole family was wonderful.*

“*Mrs. Miertschin and her husband Randy were as close to family as you can have. We lived across the street from them for most of my childhood, and Jerrold was my best friend. I will always remember the wonderful times we shared with the Miertschin family when I was growing up. The Miertschins raised some wonderful children and I am thankful that Sharla, Yvonne and Vickie obviously share the warmth and compassion for life that their parents possessed. I believe that anyone that has touched this family has come away as a better person. May your paths through life bring you the joy and happiness that your parents shared with us all.*
