“ John -

I still find it hard to believe that you have left us, you will be sorely missed, you were a great boss and friend. You were willing to share your knowledge and let us help you run the Life Cafe, especially trying to help us better ourselves and make sure that we developed as people. You had a big heart that not willing to give up on people. From a one Veteran to another, your service and sacrifices were not in vain.

If this was John Apodaca that served onboard USS Roosevelt with me he was a great mentor and friend. He was instrumental in developing my leadership skills. Because of his unselfish devotion to his sailors is why I made Master Chief. Fare winds and following seas my friend.
