“ My favorite memory is from when they moved to their brand new home in Weatherford. I made brisket and potato salad and other stuff so they wouldn't have to cook on that hectic day. Alan sliced the brisket with our electric knife and Uncle Joe wanted to know where we bought brisket that was so evenly sliced!! I don't think he really believed I cooked it and Alan sliced it. He was always teasing me but in really sentimental moments he called me "Sis" which is what he called mama. I was so honored he chose to pass that name on to me. I know he's taken his flight to his forever home and he is in a much better place with a new body!! Ready for it to be my turn for departure.

“ My favorite memory of Uncle Joe is from Christmas, 1971. We had just moved back to Grenada, and Uncle Joe was home for Christmas. On Christmas Day, after he had visited with BigDaddy and family, he came over to our house to watch the Cowboys playoff game - Cowboys 20 - Minnesota 12. We had a great time. Family, Football, and hamburgers for Christmas lunch.

“ Joe, I thank God for your life! What an interesting man you were Sir! I was always so proud of the way you served our Country, and proud you were my "Big" brother. More than anything else I am so gald you chose to accept Christ as your Savior! I know that you are rejoicing with your Mother, Dad, C.M. and all the others! You allways did like our family reunions, Now you get to have one eternally. Will see you on my appointed day! I rejoice for having you on earth, and one day will rejoice with you in Heaven at the feet of Our Lord and Savior!
