“ *Granny you have filled my heart with so many memories. My favorites are the ones that make me laugh! You taught me that love is laughter and life without either is no life at all. I can only hope that I will find the love that you and Papa share with everyone who crosses your paths. The love you have shared has made me who I am and I thank you for that. I love you and miss you Granny.*

“ *Granny not a day goes by that you are not greatly missed! I feel privileged to have had you as my grandmother and only hope that you are watching me and are proud of the young lady you helped raise. I strive to be like you even though those are some mighty big shoes to fill. Love you always.*

“ *My Mom My Hero!
Never a day in my life did I have to wonder if someone loved me. Her's and Dad's love was/is unconditional. Mom was always there for us kids! What a wonderful role model she was. Always fair and not quick to judge people. I hope my children feel about me as I feel about my Mom. She is missed but her strength and character see us through. All my love and admiration will forever be there for the best Mom ever!*

“ *Judy was a very special sister in law to me. We were close in age and she shared and taught me many things about plants and about life in general. She was smart and fun. I will never forget her smile. I will miss her.*
