“ Wynette was my best friend for years!! We suferered the angst of middle school together. I spent many a night at her house (as she did at mine) and loved her family. I am saddened that we hadn't been in touch for the last 20 years, but she is still alive and fresh in my memories. Miss you Wynette!

“ I was so sorry to hear of the passing of Wynette. She was such a grounded and dependable friend to me in high school. We shared so many fun times in art and drafting classes, and worked hard together in creative writing and illustrating of the school publication of "Idylls". We lost touch (as so many people do) after graduation with marriages and children, but we had reconnected after I moved back to Texas. I regret that we didn't get together for lunch or dinner to talk again face to face! Wynette was a smart, beautiful, gifted, and kind young woman!

“ Wynette is God's Angel called home. Jamie, you are beautiful, just like your Mom. Your courage and strength amazes me. Praying for you and your family. All my love.
