“ *I wanted to say that Kevin was the most outgoing man and my favorite uncle by far. He always made me laugh and was easy to talk to. I will always remember that he had such a loud talking voice that when he would be talking to my grandma on the phone that i could hear his voice on the other side of the room, it would always make me laugh. I wish that i could have talked to him one last time and tell him that i loved him and that i was going to see him soon. But since i couldn't do that i will tell him goodbye now and tell him how much i love him and i will miss him so much. Your first niece Khara`*
