“ I feel so priveleged to be married into the family and able to call you "uncle". You hold a special place in the heart of my husband and you were instrumental in creating unforgettable memories with my daughter fishing on her birthday. I am so appreciative of you and Cathy putting together family reunions and helping us create some terrific times. Thank you ...

“ I and many others here at Texas Envelope Company have had the honor and pleasure of working with Larry for many years. He could and did fix anything here with a moving part on it! From a typewriter to the most complicated machinery to anything electrical to our vehicles out in the parking lot! Larry was the most gentle, sweet and nicest person I have ever meet. He always had a special smile and nice words for everyone. I will miss him very much!

“ *Larry's kindness and love for family and friends was one of his greatest attributes. He always made everyone feel welcome and valued with kind words and deeds.*

He was the light of his grandson Chandler's life. I remember once when I had Chandler in my car and Larry pulled up in his pick-up to help his daughter with her car that was stalled on the side of the road. When Chandler saw his GrandDad his precious voice screamed "GrandDad" and his face lit up like Christmas - Larry's face was beaming too - you could tell they adored each other! What a blessing and what a loss!

I also know how much he has helped his son-in-law Steven with so many of his home & car projects and has taught him so many valuable skills. He has been more than a father-in-law; he has been a good friend and mentor. A good example of the kind of man and father he should be.

I'm sorry that his grand-daughters Chloe and Elana will not get the chance to know him. They will miss out on a wonderful experience & love from him.

I always thought there would be time to get to know him better & I'm so sad that time was cut short. I know he will be greatly, greatly missed !

The comfort I hope the family has is that he didn't have to suffer more than he could bear. Thank you GOD !

“ *Larry would help anybody, anytime if they needed him, I myself needed him a couple of times with my truck and he was always there trying to help me.*

He was an all around great person and everybody loved him and he will be dearly missed. Our workplace won't be the same without him.
