CE

“ Terry...a couple of years ago Lillian and I shared emails. I had attached a clipping of our one year baby portraits that Boylin Studio placed in The News Tribune! She shared her faith and her health issues and how good her family was to her during that time. May the Lord's blessings surround you and the children. I have not ventured into the world of Facebook. “ My Aunt Lillian had such a gentle spirit about her, just as her Mother did. She will be greatly missed by many, especially her daughters Laura and Linda and their families. I live in Ohio so did not see much of her. She is in a better place now with our loving God. God bless you Aunt Lillian.

“ Lillian will be missed by her DFW National Ovarian Cancer Coalition sisters. She was loved by many who were honored to call her "friend".
