BA

“ visiting aunt mabel in southlake was always the most fun that could be had when i was a boy; she had a thousand funny stories and jokes to tell and i never heard the same one twice; she had a way of making you feel completely welcome and at ease; my wife met her for the first time about 5 years ago and she could not get over what a warm, caring and funny person she was; i look back now and see that when i was with Aunt Mabel, i was in the company of an angel. Love to Susan & Linda & your families- blake anderson
