“ Mahagonie brought tremendous joy to me and my girls. When she had a chance to stay with us on her visits to Little Rock she would always be smiling. She really became attached to April. She would only sleep in Aprils bed and would only let April hold her when she went to the zoo.

Anytime she really wanted something she would always come to me because she knew randa loved her and would give what she wanted. I guess you could say the baby had ME wrapped around her HER finger*
