“ I had gotten to know Mitchell more for the last few months working on projects together. I always mentioned to him that he could build and fix anything in the plant. What a humble, smart, honest and hardworking gentleman he was.. May his soul rest in peace.. He will be missed..

“ Mitch,
I haven't seen you in a couple of years, but I have not forgotten you and never will. You were my buddy at Thermadyne and buddies like you are hard to come by. My prayers are with you.

“ Mitchell had the biggest heart I've ever known a person to have. I don't think the word no was in this man's vocabulary when it came to helping others. He will be truly missed by everyone. We will not forget him or the wonderful person he was!

“ Mitchell was a wonderful co-worker who never hesitated to help "fix" anything that needed fixing, including helping us once with a plasma cutting training demonstration. His warm smile, kind words, and laughter will be dearly missed by so many of us, his Thermadyne "family". Praying for our Lord to comfort you all during this most difficult and painful time.

“ When I started at Thermadyne, I didn't know there were two of them (Michael and Mitchell). They got by with it for several days (or maybe even weeks) before I realized they had me fooled! Mitchell always made me smile and sometimes frown when he shared some of the safety violations that took place prior to me joining Thermadyne- but our conversations ALWAYS ended on a good note. Mitchell will be missed--- hugs!!!

“ Mitchell was definitely one of the best neighbors and friend anyone could ask for. He bought my daughter her first softball bat when she was 6 because she hit a homerun in her first or second game and he was the only one she would let pull her teeth...funny I know. He was always looking out for others and eager to offer a helping hand. We are blessed to have known him.
