“ Dear Mrs. Scribner and Girls,  
I never had the pleasure of meeting you; however, Billy, and possibly Becky remembers me.  
Please allow me to offer my most heartfelt sympathy for your loss. Myron lived one block from me, and I loved him like a brother. We were very good friends all through school.  
Myron had many friends and though we may not have seen each other in many years, the friendship was real. So, I along with many other's share your sense of loss.  
Myron is home now. At God's assigned time, you all will be reunited with him. So afford an appropriate period of time to mourn his passing; but then remember and cherish all the good times you enjoyed...that will ease the sense of loss.  
I know Myron would not want to cause you to suffer any pain on his behalf. Be thankful the Lord allowed you to share part of his life; I know I certainly am.  
May God continue to bless the entire family.  
I wish my health would have allowed me to attend the service. In lieu of that, just be aware my thoughts and prayers are with you all.  
Sincerely,

*Mike Mahanay*

“Helen, Anna, Laura & families: Myron meant so very much to Aunt Dutch and Uncle Bill and all of us Elliott kids. We would come for a visit from far away as an air force family and arms were opened wide from Myron to always make us feel welcome. So much fun!! A loving nephew & cousin that was adored by us all. He was such a joy and so proud of his immediate and extended family. You are in my thoughts and prayers. I love you all!! Patti

JM

“I met Myron several years ago on the audit trail, working with him and sometimes working at the same company for different clients. He always would make you smile. I sometimes called him “Grill Guard” since he loved his trucks. Other times I would call him “Spanky” because he reminded me of the leader of the “Our Gang “ from the “Little Rascals”. Always having something in the mill, having fun, enjoying life and sometimes with a little mischievousness to boot. Though Myron will be missed he will not be forgotten. He is in heaven now directing the building of a big location for all of us to meet again when we get there. May God comfort and bless Myron’s wife and family, relatives and friends.

“ To the Family of Myron Scribner,  
Mrs. Scribner and girls, I never had the opportunity to meet you, but  
heartfelt condolences to you.  
Billy, I know you remember me, and hopefully Becky might.  
We have all lost someone very dear to us.  
I'm truly sorry friends often drift apart with the passage of time; but  
fond memories remain. And great memories they are!  
So for all that are saddened at this time, remember and take  
comfort in knowing that Myron is Home; and at the assigned time,  
you shall all be reunited with him. So just remember that Myron was  
loved and respected by so very many.  
Sincerely,

*Mike Mahanay*
