“ I am so thankful to have my childhood memories of the time I came and spent with you and Papa. I will never forget the summer I was twelve that I spent with you and Papa. You tried teaching me to sew (I still can't) and you had me help in the garden. But most of all you taught me the secret to your cornbread muffins. I will miss you and I will not forget the wonderful times I had with you. You are finally at Home.
