“ I wish I had know before today. I surely would have come to the funeral. Richard and I were in the same youth group together at Woodhaven Baptist Church. We went on youth camps together, played hide and seek in the church baptistry and ate hamburgers left over from Wednesday night meals in the summer time. We often went to the PK's house to hang out until like 2am. I remember him taking me home many times. It was so scarey going down clay road when it was a death trap of pitch darkness and extremely sharp curves. I remember how he hard he worked for his first car when he was 16 yrs old. He was so proud of that piece junk! He was so responsible, so driven, so mature for his age! I always knew he would make something awesome of his life! Unfortunately I lost touch with him shortly after high school and never found what kind of man he turned out to be. I was looking him up to find out when I discovered his days on this earth are over. I am shocked and crushed to hear how much he must have suffered with ALS! I believe he is in heaven with our savior, Jesus Christ! And so, I will see him again one day! Although I'm very late, your family is in my prayers.

“ The funeral was a beautiful tribute to my brother. The music was perfect and I am so proud of my sister and my neices for standing up in front of everyone - speaking from their hearts. He would have been so proud! My family will never be the same without him! Thank you to everyone who was able to come. Also, thank you for your prayers!
