“ Sarah Jo was a beautiful person, inside and out. She touched so many people with her positive energy and I was so blessed in just knowing her. As a child, Sarah taught me the lesson of fighting for what you want and not accepting the word “can’t”.
The one thought that comes to mind that fills my heart for such joy, in my minds eye, I can finally see her riding a bike. She is smiling, laughing, and waving back at me and Karen Lee as we try to keep up with her.
Please know that my thoughts and prayers are with you during this difficult time. Much love to Fred and Rosemary and the whole family.
