“ I had you since pre-k, and I remember all those good times. Like when you ate the worm, rode the scooter up and down the hallways, the pie in the face, and more. You are not here but you will be in Smithfield Elementary's heart forever.

“ Mrs. Stevens as I knew her was a good friend to me. She was my assistant principal in high school and my neighbor in watauga. I love her more than any one could imagine. She gave me my nickname murfdawg that every one now calls me. I know she is in a lot better place now with Kay. Cracking jokes and laughing what she did best. God rest her soul. I love you Mrs. Stevens Love, Murfdawg

“ Thank you for all the years you watched over my kids (Ashley and Blake). They always had good things to say about you...especially how you made them laugh. We look back at pictures we have with you at various school events (field day, carnival, battle of the books, etc.), and we are reminded of your kind spirit. Your love of children radiated, and you made every day fun for them. You will be greatly missed by all your friends...I could tell by all their faces today as they watched the slide show, that you were a great friend to them.
Your family will be in our prayers.
