“ No one could ask for a better dad than "my dad". We were blessed at having such a great man in our lives. Dad was always there for my mother, sister, his grandkids/great grandkids and myself. Whether it was taking us to all our sporting practices and games(and there were many) to being at our bedside when hospitalized, you could always count on him being there. He enjoyed the simple things in life and that made him that more special. He worked hard for what we had and never seemed to complain. Some of the things I'll always remember was our fishing trips, my scouting campouts, him making me pick vegetables in his garden and him reading his Louie L'amour westerns. I will truly miss my dad. Our time together seemed to have flown by. I wish I could have another chance to tell him just how much he was loved and what he meant to me. I just hope he knew. God bless you dad. You will be missed.

“ My dad was one of a kind, he was a hard worker who loved his family and never complained. He was always there for all of his family, not just my mom and my brother and me. He was a good man and he will be missed. We love him very much. May God bless him
