“ *Daddy,
I miss you so very much. I still pick up the phone to call you and then remember with a heavy heart that I can't. I miss sharing things with you. I know you are at peace now and no longer in pain. I will see you again some day. I love you.*

“ When I was a very small child,I remember Uncle Tommy as a caring,handsome young man,who was a calm loving person in my life. I remember getting mail from him from Germany and Korea. He was my hero! We took a trip to NewMexico when he came home. My baby sister(Nancy)was only six weeks old. Uncle Tommy has always held a special place in my heart and always will. I loved him very much.

“ Some of my early memories were when we were young and lived in Fort Sumner and GP Cooper was sick and Mama was expecting Jim and we rode back in the back of a big old truck with all our furniture. There wasn't room for all of in the front of the truck and we had to take turns sitting in the back.Of course, it was very dark back there. After Jim was born, it became your job to dress me and comb my hair. I was 4 and you were 10 and Wendell was 14. You left for the Paratroopers when you were 18 and I was 12 and were gone for 4 years. You were very handsome in your uniform. When you came home from service, I was 16 and how you and Wendell and Jim teased me about my boyfriends. Things like, what big feet he had, big ears, etc. I moved to Austin when I was only 19 and we haven't been able to spend much time together but I knew that each Christmas Eve, I would get a call from you and Wendell asking me if I knew what happened years ago. My birthday, of course!
