“ Tom, I am thanking you for the gift I treasure, a 20+ years friendship with your beautiful daughters! With that, your grandchildren and I pray great-grands in the future. The love you bestowed upon your children is the benefit of many of us for generations to come. I know you are now shouting the "streets of Glory". I'm sure by now you've already played or have an Tee time with God to play golf on His forever green! Your sweet smile always lit up your face like a light bulb and was so refreshing. We love you and will miss you.
