“ Wayne was not only a great neighbor but a great friend. He was always willing to help no matter what and was great support during our father's illness and passing. He will be greatly missed and will always be remembered fondly.

“ Have know Wayne since the late 70's, when he went to work for Granite and worked as a mechanic's helper at the Truscott Brine Lake Project. Also in the 80's with Phillips and Jordon at Denton. Then on to Duininck Const. Was glad to find him on the internet, to catch up, and saddened at the news. We had just started to catch up on family! He will be missed!

“ I will always remember Wayne as a friend and for the contributions he made to our company while working part time for us. He was a very hard worker, always ready to meet the challenge. His computer technical knowledge was very helpful for us when he helped in moving and set -up of computer equipment.

No matter what the task he always met it with a smile and very positive attitude.

He was the go to type guy everyone wants on their team.

My prayers and sympathy go out to his family. I will never forget Wayne, he was a true friend and will be missed by all that ever had contact with him. Although he did not work long for us, everyone enjoyed his association and the contributions he made.

We will miss you Wayne.
