“ Linda, Ron and family and Dickie and family,

I was so sad when I learned of the loss of your mother, grandmother and greatmother. Her picture looks just like she always did. She was like a mother to me in Junior High and High School and even though I have not seen her in a lot of years, the memories I have of her have and will last the rest of my life. One of my favorite memories is the many times she told Linda and me, "If that little car could just talk, there is no telling what all it could say;" and she would laugh. We knew it to be so true. I said the same thing to my kids as they were growing up and always laughed a bit as I said it, remembering the wonderful lady that said it when I was that age. May God bless all of you and help your hearts to heal. Love, Carol Ann
